

Fig. 2

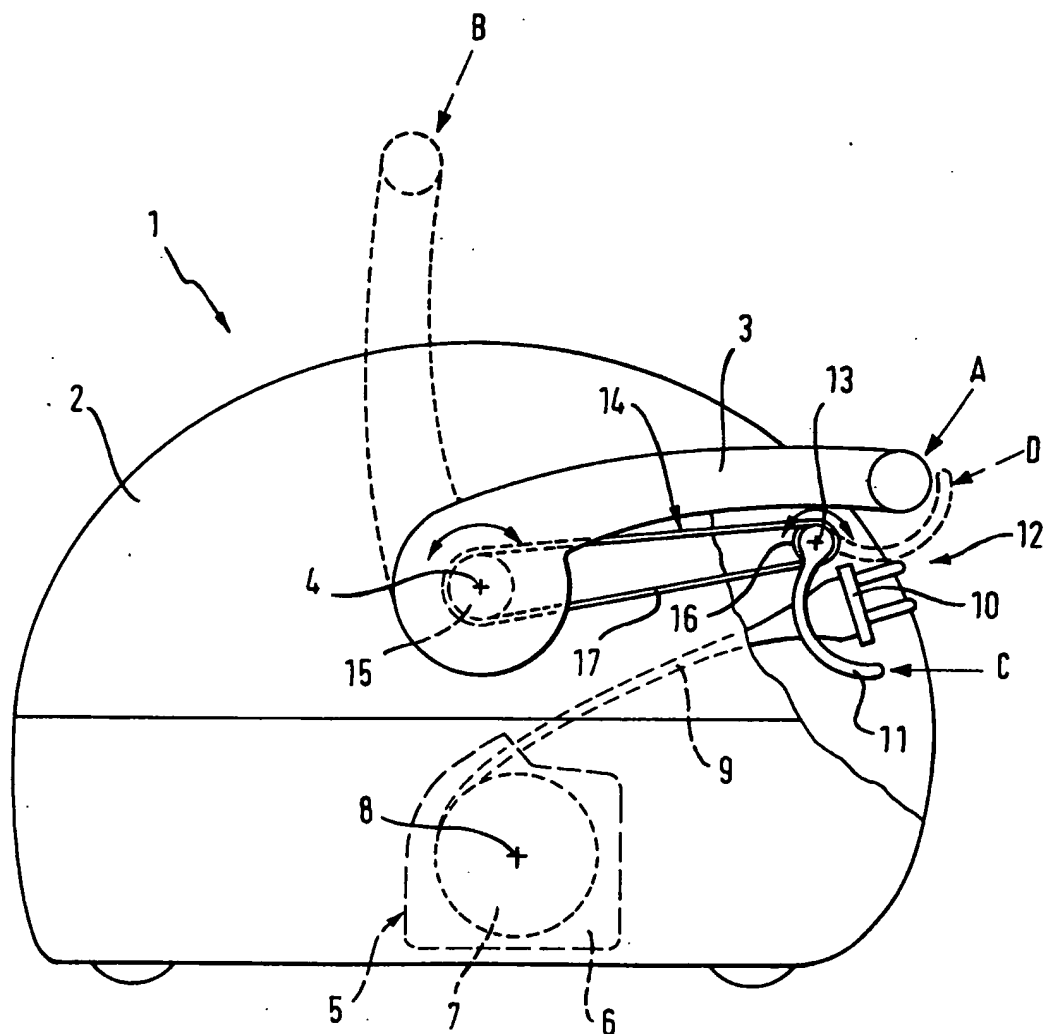

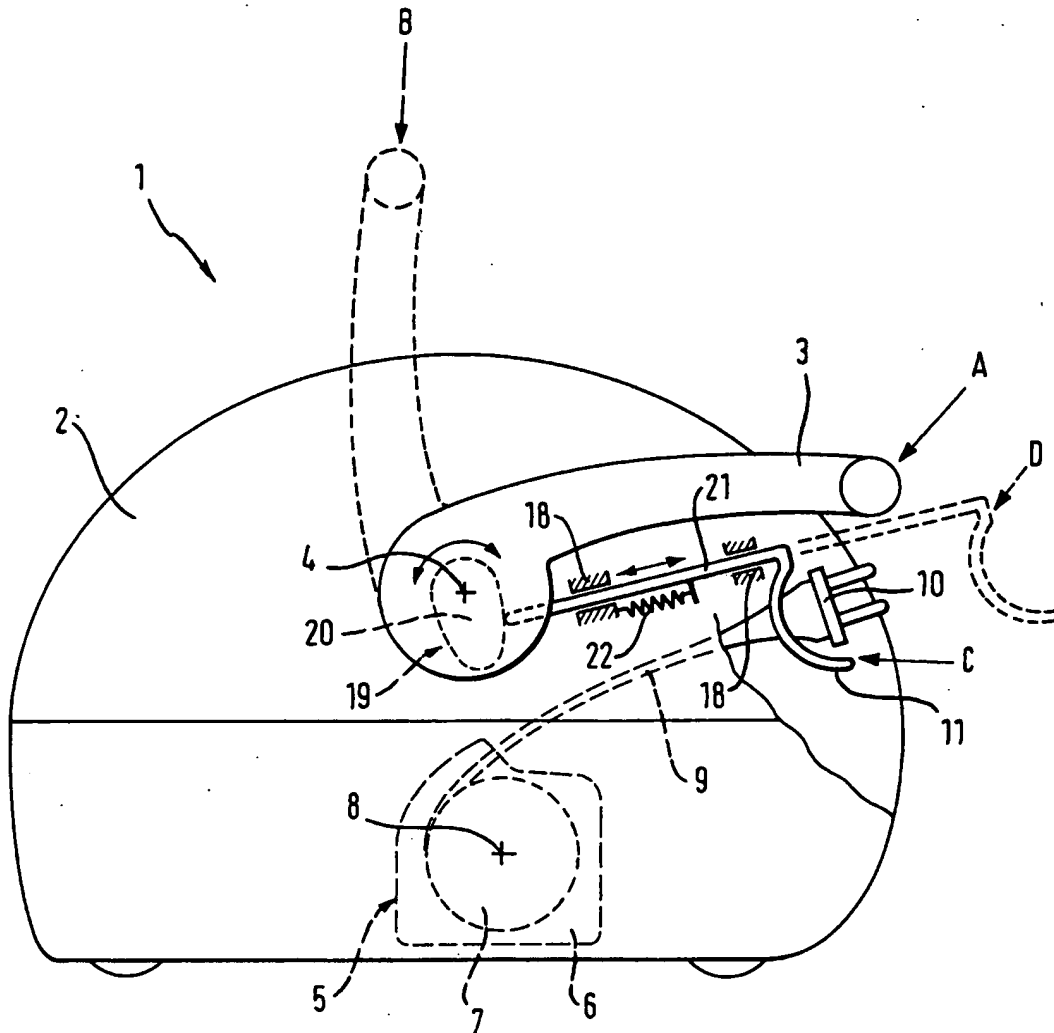

Fig. 3

The diagram illustrates a mechanical assembly, possibly a pump or a valve actuator, housed within a semi-circular casing (1). The internal surface of the casing is labeled (2). A central shaft (3) is shown with a piston (13) and a valve (25) mechanism. The shaft is driven by a motor (10) with a gear (11) and a drive shaft (9). The motor is connected to a power source (5) via a cable (7). The device is shown in a cross-sectional view with various components labeled with numbers 1 through 27.
